Numbering of special samples

Periodically, additional samples will be included with the monthly sample at no extra cost and to be analyzed at your discretion. The additional samples will be numbered 2010-91 through 2010-102, depending on the month of shipment. For example, an additional sample shipped with sample 2010-22 will be numbered 2010-92. The results for the additional sample are to be reported on a separate form.
