Ingredient Definitions Committee Agenda –DRAFT

DATE: July 19, 2010

TO: AAFCO Ingredient Definition Committee: members, advisors and investigators and all other interested parties.

RE: 2010 Annual Meeting IDC Draft Agenda

The Ingredient Definitions Committee (IDC) will meet Sunday August 1, 2010, from 3:30 - 5:00 PM, The Nines Hotel, Portland, OR. Conference call line is 877-536-5793 pass code 832007.

There may be a meeting of the AAFCO investigators at the beginning of our time slot. Discussion to revolve around changes in the definition process and if consolidation of investigator numbers is needed. Some of this was discussed in a conference call in late June.

Committee members, including industry advisors, will be sent additional information (beyond just the agenda) on the specifics of the discussion items. The definitions being proposed are posted on the aafco.org website in the portals/IDC section. The following items have been submitted for consideration:

1. Definitions to be moved from Tentative to Official
 - 1.1. 60.110 Ground Pecan Shell – Shannon
 - 1.2. 60.98 L-Carnitine - Shannon
 - 1.3. 60.108 Salvage Pet Food –Shannon
 - 1.4. 60.109 Distressed Pet Food –Shannon
 - 1.5. 57.163 Selenium Yeast –Mel

2. New Definitions:
 - 2.1. T 60.111 Biodiesel-derived Glycerin – Linda/Shannon
 - 2.2. T 93.9 Vital Wheat Gluten - Ann
 - 2.3. T 36.14 Megasphaera elsdenii (cattle only) Mika
 - 2.4. T 87.26 Ammonium Formate - Shannon
3. Editorial Changes or Modifications to Existing Definitions
 - 3.1. 87.15 Formaldehyde Solution – Shannon
 - 3.2. Charcoal –withdraw Feed Term – Rod
 - 3.3. Rapeseed meal -withdraw? –Bob C. (need form)
4. Discussion Items:
 - 4.1 Flow agents in Soybean Meal – Bob G. *report on conference call with industry after mid-year meeting.*
 - 4.2 Lysine Sulfate –Mika. *Discuss species allowed in the fermentation products used to provide lysine sulfate.*
 - 4.3 Flax Seed Meal – Bob Church. *Discuss terminology in stabilizing this material.*
 - 4.4 Diatomaceous Earth (food grade)–Richard. *Industry complaint on not being able to use “food grade”.*
 - 4.5 Meat and Bone meal ca/p ratio – Neil/Richard. *NRC for swine committee is trying to identify what the calcium and Phosphorus levels are in MBM.*
 - 4.6 Yeast species used in animal feed –Mika
 - 4.7 Citric acid locations in the GRAS lists –Mika
 - 4.8 Review all contents of GRAS lists –Mika
 - 4.9 Other Definitions with Chromium levels –Mika
 - 4.10 Other topics

Additional discussion items may be added if time permits. Please contact me in advance, if possible, if there is an ingredient topic you'd like to discuss. If we have advance notice, we will try to make time in the agenda to discuss as many items as possible.

If you have any questions regarding this agenda, or if you do not expect to be at the meeting but would like to comment on an issue, please contact me. If you have complex questions about a specific item please contact the listed investigator prior to the meeting.

Topics Left from past meetings:

- 1.) Edits in Chemical Preservatives Section – Linda
- 2.) Unrefined salt –Mel
- 3.) Menadione – Ali (seminar item)
