Edit Requested	MB Section	Language showing edit	Rationale
Require rule-making to define conditions labels would be requested.	Section 4. Registration and Licensing Option B. Licensing	(d) <u>The _____ is authorized to promulgate a rule defining under what conditions the _____ may request labels and/or labeling from a license applicant or licensee. The _____</u> may request from, at any time, a license applicant or licensee copies of labels and labeling in order to determine compliance with the provisions of the Act.	The state should need to detail out under rule-making the conditions for which they may request labels. The rule-making process would allow transparency in the thought process and rationale between the state official and the industry.
