

**Joint Meeting of the
AAFCO Laboratory Methods and Service Committee
and the
AOAC Feed Additive and Contaminants Group of the Ag Community
Wednesday, January 20, 2010
Crowne Plaza - Redondo Beach, California**

Proposed Agenda

Introductory Items

1. Welcome and Introductions.—Nancy Thiex
2. Review and Adoption of agenda – Nancy Thiex
3. Review and approval of minutes September meeting – Lars Reimann

Drugs

4. Lasalocid approved (VFM 005-918) –Lu Wetzler, Sandy Flick, D McCurdy
5. Oxytetracycline approved (VFM 005-919) – D McCurdy, N Thiex
6. Decoquinatate approved (VFM 005-920) –A Price, S Flick, D McCurdy, N Thiex
7. Sulfamethazine submission (VFM 005-886) – V Siegel, D McCurdy, M Coleman.
8. Monensin, Narasin and Salinomycin submission (VFM 005-968) - A Price, M Coleman, D McCurdy, N Thiex
9. FY 2010 Nationwide Survey of Distillers Grains for Antibiotic Residues– Linda Benjamin
10. Residue method for Virginiamycin – Alex MacDonald
11. CTC - Tami Stolzenbach
12. Neomycin, tetracyclines and tylosin by IC – Jay Ghandi
13. MGA data on method validation by r-Biopharm – Ian Schuetz
14. Tylosin – progress on method development and validation – Tommy Phillips
15. **Amino Acids methods project - Yanhong Zhang and Amy Johnson.**

Fatty Acids – Don Palmquist, Gina Clapper

16. Investigation of parameters discussed in August –update from Don Palmquist? Gina?
17. Work on a methods need statement – Aaron Price

18. Starch Collaborative – Mary Beth Hall

- a. Finalize the materials list (alfalfa pellets, wet pet food, dry pet food, low starch equine feed, corn, corn silage, soybean meal, distillers' grains, commercial mixed dairy grain, commercial swine or poultry feed).
- b. Practice samples: low, medium, high.
- c. AOAC package

19. Fundraising efforts for Starch and Sugars? - Yanhong Zhang, Dale Hill and Lars Reimann

- a. AOAC Board voted positively to provide an account for funds on Monday.

Vitamins

20. Vitamin A – core group forming. Michael Stevenson, Regina Wixon , Nancy T, Ken Riter, Terry or Aaron. Vitamin D & Vitamin E in Animal Feeds: Considerations for method development. Dale Hill

21. Sugar Methodology – Lars Reimann

- a. Waters Presentation on Method Validation – ?
- b. Metrohm Presentation on Method Validation – Jay Ghandi
- c. r-Biopharm Presentation on Method Validation – Ian Schuetz
- d. Discussion – where do we go from here?

22. Suggestions for Replacement for Tom Jensen as Ag Community Chair.

23. Method Needs Statements

- a. Show AAFCO website and location of the needs statements
- b. Fructans – Finalized after last meeting, present
- c. Total Minerals – Draft Under Review
- d. Bacitracin/BMD – Draft Under Review
- e. Fatty-acid Analysis – Draft under Review
- f. Vitamin D – Need draft
- g. Vitamin E – Need draft
- h. Roxarsone – volunteer to draft a needs statement?
- i. Phytase by LC - volunteer to draft a needs statement?
- j. Pesticide multi-analyte method – Little interest
- k. Template under development
- l. Method Needs Survey – present the survey concept and the form from 2 years ago. Brief discussion of what could be improved. Survey will be sent to attendees with the meeting minutes. Results will be compiled and presented at the 2010 full-year meeting.

24. Mycotoxin Surveys – Results and trends

- a. State Labs: Lu Wetzler and Vicki Siegel
- b. Neogen: Tony Lupo

25. Mixer Proposal – Alex and Vicki

26. Symposium for presentation of work – when, poster or oral, and venue.

27. LabDir (Foodshield.org) and other web issues– Lu Wetzler.

- a. Report on web training session
- b. Report on progress on laboratory involvement.

Quality

28. AACO Laboratory Accreditation Program

- a. Any interest or volunteers to study?
- b.
