**\*\*All meeting registrations will include a FREE two week subscription to the Online Official Publication, AAFCO Feed BIN, and the New Online Database of Ingredients (ODI). The two week trial will begin the week before the conference and the week of the conference. The online version is a secured, read-only document which cannot be downloaded or printed. The online OP is updated after each membership meeting (January and August), and has easy-to-use search capabilities.**

**Online Database of Ingredients (ODI) – This new tool provides focused search results for a single ingredient or an entire ingredient statement. Results are displayed with links to the complete definition text in the online OP or the electronic Code of Federal Regulations (CFR). Subscribers can populate their unique User List with common or usual ingredients. The ODI tool is only available with an Online OP subscription.**

**You will receive a user name and password by email that you can use on all your devices ( laptop, tablet, smart phone, etc.). Please do not share usernames with others. Your username will allow access to the AAFCO Feed Basic Information Network (BIN) for 365 days from the date of purchase. The Feed BIN Library contains the AAFCO OP and other reference documents. The BIN also has news, calendar events, committee information, team communications and more!**

**No thanks, I don't want the free trial online OP access.**

If you wish to purchase the 2019 Online Official Publication after (or before) the free two week trial you can purchase it on AAFCO's website at <http://www.aafco.org/Publications>
