Attachment A

The term “labeling” means all labels and other written or graphic materials in print or electronic form that are published or disseminated by a guarantor or distributor (1) upon a commercial feed or any of its containers or wrappers, or (2) accompanying or promoting such commercial feed.

Attachment B

(d) Guarantees for drugs shall be stated in terms of percent by weights, except:

- (1) ~~Antibiotics~~ Drugs, present at less than 2,000 grams per ton (total) of commercial feed, shall be stated in grams per ton of commercial feed.
- (2) ~~Antibiotics~~ Drugs, present at 2,000 or more grams per ton (total) of commercial feed, shall be stated in grams per pound of commercial feed.
- (3) ~~Labels for commercial feeds containing growth promotion and/or feed efficiency levels of antibiotics, which are to be fed continuously as the sole ration, are not required to make quantitative guarantees except as specifically noted in the Federal Food Additive Regulations for certain antibiotics, wherein, quantitative guarantees are required regardless of the level or purpose of the antibiotic.~~

(4~~new~~ 3) The term “milligrams per pound” may be used for drugs or antibiotics in those cases where a dosage is given in “milligrams” in the feeding directions.
