### **AGENDA**

1. Introductions and Agenda Review
  
2. Intermediate Inspector Training Course (Meagan Davis and Tim Lyons):
  - Discussion about working with the Inspection and Sampling Committee to determine if there is a need to develop an intermediate feed inspector course.
  - Develop workgroup with Inspection and Sampling Committee to research curriculum development for this course if needed.
  
3. Standardizing Training (Craig Kaml (IFPTI) and Patricia Alcock (FDA):
  - Thoughts are that we should start considering standardizing AITS and any other courses that we offer. I would ask a couple of organizations such as IFPTI or NEHA to help explain this.
  
4. Training Cadres (Meagan Davis):
  - While developing training, we should also develop a “bench” to ensure that we have people to help train these courses.
  
5. Animal Feed Inspector Certification Process (Judy Thompson and Rance Baker (NEHA):
  - Discussion on what this is and how it will be developed.
