Complimentary live-audio listen-only access (no webcast access) will be available. The connection to access this complimentary feature will be available via a button on the video platform. No access to the webcast features available under the full access registration will be available for listeners selecting this option. [Download the agenda book](#) from our website.

Committee members—please log on 30 minutes prior to each session to allow the vice chair to determine quorum and to do audio checks.

## Purpose Statement

Working cooperatively with the Food and Drug Administration, Canadian Food Inspection Agency, feed and feed ingredient manufacturers and other relevant domestic and international stakeholders, develop science- and risk-based regulations. Such regulations would support the implementation of effective inspection and compliance strategies as well as be useful in providing education and information to stakeholders. The overall goal is to minimize the presence of chemical, microbiological and physical hazards in animal feeds to the levels necessary to protect human and animal health.
