Attachment A (attached SUIP document)

Attachment B

- II. Required guarantees for Formula Poultry Feeds (Layers, Broilers, and Turkeys; including breeders)
 - a. Animal Classes
 - (1) Layers – Chickens that are grown to produce eggs for food, e.g., table eggs
 - (a) Starter/grower (laying hen replacements) – Female chickens raised from day of hatch to sexual maturity (time first egg is produced) and intended to become laying hens.
 - (b) Laying hens – From time first egg is laid throughout the time of egg production.
 - (2) Broilers – Chickens that are grown for human food.
 - (a) Starter/grower – From day of hatch to approximately 5 weeks of age.
 - (b) Finisher – From approximately 5 weeks of age to desired market weight.
 - (3) Breeding chickens
 - (a) Breeder replacement chickens – Chickens, of both sexes, raised from day of hatch to sexual maturity and intended to become broiler breeder or layer breeder chickens.
 - (b) Breeder chickens

- (i) Broiler breeder chickens - Sexually mature male and female chickens intended to produce fertilized eggs for hatching into broilers or broiler breeder replacement chickens.
- (ii) Layer breeder chickens - Sexually mature male and female chickens intended to produce fertilized eggs for hatching into laying hen replacement chickens or layer breeder replacement chickens.

(4) Turkeys

(a) Growing turkeys – Turkeys that are grown for food.

- (i) Starter/Grower – From day of hatch to approximately 13 weeks of age (females) and 16 weeks of age (males).
- (ii) Finisher – From approximately 13 weeks of age (females) or 16 weeks of age (males) to desired market weight.

(b) Breeder replacement turkeys – Turkeys of both sexes that are grown from day of hatch to sexual maturity and intended to become breeder turkeys.

(c) Breeder turkeys – Sexually mature male and female turkeys intended to produce fertilized eggs for hatching into growing turkeys or breeder replacement turkeys.
