Dear AAFCO PT Program Participants,

Thank you for your participation in the AAFCO Proficiency Testing Program. The final reports have been reviewed and authorized for release. The included reports are:

Analyte Proficiency Testing Report
Method Proficiency Testing Report
Analyte Summary Report
Method Performance & Summary Report
Individual Participant's Methods & Analytes Report Cards

The reports shall not be reproduced except in full, without written approval of the AAFCO PT Program. The data and results reported in this document are the property of the participating laboratories and are confidential.

This PT Round was prepared, shipped, and reported by participants; evaluated by statistical treatment for assigned consensus mean, fit-for-purpose standard deviation (i.e. % RSD Threshold), and grades (z-scores); and reported in accordance with ISO 17043. Any concerns or errors should immediately be communicated to pt@aafco.org. A timely investigation will occur in accordance with the AAFCO PTP Quality Management System. You will be advised of the outcome. Errors made by the participant in data entry cannot be changed after the reporting deadline and such errors are not grounds for appeal.

Sincerely,

Brenda Snodgrass
Program Manager/Committee Chair
